Hi Michele, I believe Jane and Alexis were briefing Jason Gray, a Congressional staffer, on the CA UIC/aquifer exemption situation. The briefing for Gray was in preparation for a meeting he is having with Cong. Kevin McCarthy (perhaps that is today at 12:30pm?). That's all I know about it.

If you have a moment at some point today would you explain to me who that person was and what the meeting was about? I ended up sitting in on it but it was unclear to me what the context was. I had a call with Alexa afterwards on another topic and told her i sat in on some call that was somehow related to McCarthy and that there was something happening today at 12:30 but that was all i knew.

Yes, on the guidance I figured you or Mike would have passed it along if it had arrived.

Hi Michele,

I just spoke to Jane and she was asking about the State AE guidance. I have not received anything as yet. I sent a message to Steve and Scott asking about the status. Thanks for sitting in on the call yesterday.
